**New Business**

Mr. Brancati introduced Tim Almeida and John Gelbwaks from EWorks who were here to make a presentation to the commission regarding the possibility of having an AHRC recycling facility that employs handicapped people and disabled veterans. They are looking at coming into this region and if they did, would create a business with opportunity for development within the Town as well as employment opportunities. It would be an electronics recycling operation. They have a facility in Melwood, Maryland near Andrews Air Force Base. There was discussion held between the commission and the presenters to see if it would be feasible here in Town and exactly how the operation worked. Mr. Brancati is looking into space in the Industrial Park as they would need a footprint that was large enough to utilize. The commission thanked them for coming and would get an update from Mr. Brancati at a later date.
