Stacy Gravano
TOWN CLERK

Mayor Carfora asked Commisioner Haddon about some comments he had made to Chairman Schumitz criticizing the administration for the position he (the Mayor) was taking regarding the Tweed Airport expansion.

Commissioner Haddon spoke at length about his concerns regarding any agreement the town of East Haven was entering into with the airport authority before certain facts about the proposed operation of the airport were known.

Mayor Carfora explained that there was only a tentative agreement in principle about the airport expansion and that no details had been worked out and that no formal contract had been executed by the parties.

Commissioner Haddon said he could not support the Mayor's position on the matter and tendered his written resignation from the Economic Development Commission .

The failure to properly notice the meeting was inadvertent

and there were no votes or other action taken.

The meeting concluded at 3:10pm
