5. Enforcement- Cease & Desist 480 Short Beach Rd  
Filling within the Upland Review Area

A Cease and Desist order was made on 10/26/16 instructing the property owner to stop all work within the regulated area. Mr. Snow, the property owner was instructed by letter to prepare an engineered drawing and site plan to the commission of review. Darby Hittle from Thunderbird environmental was in attendance with Mr. Snow this evening. He had a copy of a map from 1989 that shows generalized areas of wetland on the property. Mr. Poulton noted that the 1989 report did have confirmation of the wetland lines as determined by soil scientist testing. Mr. Hittle requested a copy of that report. Mr. Hittle noted that the berm Mr. Snow created was too high and it will be moved behind the wetland lines. Mr. Poulton stated that they should use best practices to rectify the situation in conjunction with Mr. White. Mr. Hittle noted they would submit a plan for implementation within 10 days. This plan would be carried out as weather permits with photo documentation. Mr. Poulton noted the Cease & Desist order will remain in effect.

6. Other Business-  
A project on Wheaton Rd inquired about their permit. That permit has expired and needs to be resubmitted.

Mr. Poulton noted that Mr. Andrade had not been reappointed. He has served this commission in various roles for over 20 years. We would like to extend a debt of gratitude for that service.
