The Spectacles

"In the end, it's all about a good time"

The Spectacles are a versatile, energetic, and fun band. Their music consists of popular dance tunes from the 1940's to current hits including a unique performance of classic rock, disco, swing, Motown, and standards. One of Connecticut's most popular bands for over 10 years. A favorite of the crowds attending the East Haven Fall Festival.

Sunday 9/13

The Bernadettes

Rhythm & Blues, arguably America's finest and most well known export, is the music The Bernadettes specialize in performing. The very familiar toe-tapping sounds of Motown, the infectious dance grooves of Memphis soul shouters such as Wilson Pickett, the smooth, sophisticated Philly soul music of Earth, Wind & Fire, the hard driving funk-rock of Sly and the Family Stone, the soothing grooves of R&B crooners like Marvin Gaye and Bill Withers, and, of course, the unforgettable music of the king of soul, Mr. James Brown – this is the music The Bernadettes perform. Yes, they'll mix it up with a few modern contemporary dance hits here and there, a classic rock number, or an oldies favorite, but the emphasis is on the classic "old school" R&B music that American baby boomers have grown up with and folks of all ages have enjoyed dancing to for several decades.
