

Stuff-A-Truck Wrap Up

On Saturday April 4th the American Disability Act Committee in conjunction with Mayor April Capone's office, held a Stuff-A-Truck event to benefit the East Haven Food Pantry. The event helped to raise over one hundred dollars in monetary donations for the food pantry as well as numerous bags of groceries that were donated through the generosity of East Haven residents like Councilman Paul Thompson who donated the use of his truck for the event as well as groceries. Foxon Park Beverages donated several cases of soda to the event.

Mayor April Capone donated her time volunteering at the event as well as donated groceries to the East Haven Food Pantry. American Disability Act Committee Chairman Robert D. Hoff speaking to residents who donated groceries to the event thanked them and reminded them of his belief that

“It is not the town that makes it’s residents great but the residents that make the town great and that in challenging times we each should challenge ourselves to help our fellow neighbors anyway we can to make the world a better place for everyone.”
