Old Business

Will from Boys Scouts explained his information sheet to the board, asked if there needed to be any changes to the form. Peggy asked that there be area on the form for symbols and designs, and type of stone. Will explained that the only problem is how to number each stone. I will take a picture of each stone, to put with the information sheet. Will said that he would do a quick walk through to find out how many broken, tilted, and laying down stones. Jack said that information would be helpful when applying for a grant. Peggy suggested that he go to Shelley's in Guilford and ask them to make any suggestions about what can be done to number each stone. Cathy asked how much will the project cost; Will said there would be minimal cost with the project. Cathy makes a motion that the Board will make a contribution to the cost of project; seconded by Peggy. All in Favor, motion carried.
