SMALL CITIES PROGRAM

CDC Tara Pisaturo stated that she place an ad in the Courier and at least 100 people signed up to be on the waitlist. Emergency roof and furnace repairs usually get moved ahead of other projects. She is waiting for the list from L. Wagner & Associated so that she may prioritize. Contractor's bidding has been low due to the economy. She is almost finished with the 08 Grant and is waiting for the second drawdown to come from the State on the 09 Grant. Tara is working with Workforce Alliance with low-income families and teens to assist in getting them jobs for the summer.

CDC Pisaturo also stated that the Town has applied for a grant for Foreclosure assistance and it was denied, as we were not qualified. She will get more details. She is also working on a grant to promote clean energy. She has had 52 sign-ups and needs 100 to get solar panels. The commission discussed attending the clean energy fair as many people attended last year and the commission members could answer questions about the agency. Discussion held on alternate energy choices.
