Old Business

Commissioner Bellmore stated that the commission should readdress the issues regarding behavioral issues with residents about the policy and procedures with the EHPD and possibly find out what other towns do regarding their residents and situations they have and how they handle them. Chairman Savo stated the PD would meet with us but want a list of things to be discussed so they may have answers for us then instead of having to come back

The lack of sidewalks from Hemingway Avenue to the Town Beach was discussed briefly. Chairman Savo stated he would reach out to see who has responsibility for that stretch of road (State or Town).

Vice-Chair Cianelli stated she inquired about the ADA budget to see what was in their account. She handed out reports at a previous meeting from the Finance Department showing the line items. She will request the new budget and see what is on that line item by line item and bring it back to the commission.

New Business

Commissioner Vellali stated that the Town never put the crosswalks back on Coe after it was repaved, and he planned on sending an email to the Mayor. It was stated that this was something the PD takes care of and maybe it could be addressed at the Police Commission meeting next week. He also stated that he would be interested in hosting a subcommittee meeting of the commission to discuss the list of concerns for the PD to have when they attend a meeting. He will reach out to all members to see who else is interested.
