This includes Non-DMHAS of 97 and DMHAS 98. We accumulated 10 hours of in-kind services for January and February for the Dept. of Education.

In terms of recruitment we have not had any candidates. We do need to have someone who is LCSW and hopefully with child experience. We will continue looking. We have had to stop taking referrals because Christy's case load had to get distributed within other clinicians. We are taking special needs, JRB or anyone coming out of the hospital we will take those. I found out today that we are going to receive the electronic health record incentive. It will be \$42,000. It is going to be used for increasing the adaptation of our computer and health. With the towns approval I would like to get a new phone system, hard wood flooring, and a new computers. We are looking to get the money in 2 -3 weeks. I have been speaking with RICH, they have a service that can help us with the scanning into the charts of the clients. This service will help us separate out the folders for each client and it will sit side by side with the care path program. The quote I received was an extra \$100 a month.
