5. Public Comment-

Bob Sand of Thompson St noted the there is activity on a parcel of land at 23 Charnes Dr. He wanted to make the commission aware of possible activity in the wetlands, as there is a spring and brook that runs through the property. There are markings on the property indicating wetlands but an application dated may8th, 2018 indicated no wetlands.

Nikki Whitehead expressed concerns over the public access to review permits.

6. New Business – None

7. Enforcement – Diamond Marine

Karl Muller from Diamond Marine had updated maps as requested with the flagged wetlands and a report from David Lord. It was noted that activity was within the 50 foot buffer zone. Mr. Jaffe suggested he confer with Mr. White regarding completing an application as soon as possible. Mr. White recommended that he file an application, which would include a time frame and amount of material used, so it could be discussed at the special meeting.

Frontage Rd- Mr. Tom Hennessey noted that debris had been illegally dumped on the property and that is why it was now fenced in. He stated that he would remove the brush/debris adjacent to Tuttle Brook ASAP.
